Simplify Your Spreadsheets!

Get away from endless spreadsheets and find out how the financial modules can help you and your team to use the data already in MBECT. Contact the help desk to day to learn about all of the new features available.

August 7, 2013 Volume 2, Issue 29

Item Search/Pricing Tool Training : The clinical research pricing tool disappears October 2013. We have classes available to show you how to get pricing out of MBECT. Sign up here:
http://tinyurl.com/MBECT-Training

Financial Overview : Ask the help desk about setting up an overview of the financial modules for your department.

If you don’t see an option that works for you don’t worry! Contact the help desk and let us know!

As a reminder, the Clinical Research Pricing Tool is disappearing October 1st so this is our opportunity for users to get accustomed to performing pricing searches in MBECT. Users familiar with searching for items in other areas of the application will see how similar this functionality is, but without the need to create other parts of your billing calendar. We still have one more training session scheduled so check out the details below in our “Training Continues” section.

Remember for pricing searches that:
• Searches can be exported to Excel from the right click menu.
• Pricing information is updated regularly so check back to make sure your data is current.
• Pricing information is proprietary and confidential, so share only the minimum information that is required with your sponsor.

Along with the newest updates in production the Pricing Tool feature in MBECT is now available.

As always, we appreciate any form of feedback and would love to have your thoughts about how this style of communication works for you. Do you have topics you’d like addressed? Let us know! You can always contact our help desk at CRAO-MBECT-HELP@med.umich.edu or by calling 734-764-KNOW (5669).
