

This is a comparison between Medical School's Other Support report that is available through MSTAT, and the version that RAAC Metrics has made available. Additionally, RAAC is hoping to work with ITS on building a version based on UW-Madison's Current & Pending tool. Links to all can be found at the bottom of this page.

1. M-STAT> Research Submissions and Awards> Awards> MSGrant Other Support
2. <http://orsp.umich.edu/glossary/current-and-pending-support-also-other-support>
3. UW-Madison's example can be found here: <https://uwmadison.app.box.com/s/rp3t9kw0k7xpsej5dc2vg3kmbikgvabv>
Their version would serve as a template, which we could add features to based on requests
