New Platform Billing Calendar Creation

A lot of our end users have had questions about how they can get more training and exposure in the new system and we want to accommodate those requests. As part of that, we've decided to use our upcoming overview sessions in Danto Auditorium as an opportunity to offer a **live demonstration of how to create a billing calendar in the new platform. An enrollment demonstration will follow, time permitting.**

Sessions will be offered in CVC Danto Auditorium on:

- Tuesday, January 22, 2013 from 1:00 PM - 2:00 PM
- Tuesday, February 12, 2013 from 2:00 PM - 3:00 PM

Can't make it? We recommend checking out the new system as early as possible but we'll have additional training options going forward.

MBECT Training Plan:

- MLearning modules should be available in February.
- Our vendor, eThORITY, will be back onsite shortly after go-live offering further training sessions. Details to follow!
- In person training sessions continue after go-live. Sign up on our website under MBECT Training.
- In person training sessions for the current platform are no longer regularly scheduled. Please contact the help desk if you to make training arrangements or if you need assistance.

See you there!
