### Account Tracking and Reconciliation

We hear from a lot of study teams that it is difficult to keep track of their study accounts and the transactions they should expect to see on their Research account in MiChart. Did you know that study teams that use MBECT's Visit Management can generate use reports for themselves to make account tracking and reconciliation easier? See how your charges break down per line item and per subject.

Subject	Visit / Item Name	Visit Status	Item Status	Milestone	Invoice Stat
