The Future of MBECT

Have you ever:

- felt frustrated or confused while trying to use MBECT?
- thought of a way that MBECT could be changed to make your job easier?
- Used a separate spreadsheet to keep track of something outside of MBECT? This is your chance to tell us about it!

A representative from the vendor, eThORITY, will be onsite and we are arranging focus groups to have discussions about just this kind of thing for future changes to the product. We made a major overhaul in March based on user feedback when we transitioned to the new platform, but that doesn't mean we have to stop here. **Sessions will focus on:**

- New features based on your feedback coming soon!
- Features users would like to see or would like to have changed.
- An overview of how the financial modules can help your team and guidance on implementing them for your area.
- Discussions about how MBECT can replace spreadsheets with automated and flexible reporting options.

Register now here: <http://tinyurl.com/MBECT-Training>

- Sessions will be on the medical campus at **Med Sci II** on **October 28th-October 30th**.

Training Continues!

Training is still available.
