Help us Welcome our New Director!

We are pleased to announce that **David Browning** has accepted the position of Director of the Clinical Research Calendar Review and Analysis Office (CRAO) in the Medical School Office of Research effective **November 18, 2013**.

David brings over 10 years of health care business experience to this position, including eight years with the U-M Comprehensive Cancer Center. While with the Cancer Center Clinical Trials Office, David was lead administrator of the Clinical Translational Resource Allocation Committee and he co-developed the research effort tracking application, which is used to measure budget accuracy, manage workload, and validate complexity scoring of protocols.

We look forward to having him on board and will have further communications after he begins in a few weeks.

Welcome David!

Thank You!

Many, many thanks to everyone who participated in our onsite sessions with eThority. Your feedback is instrumental in developing MBECT into the tool that you need to do your job and we could not do it without you. Thank you so much for your time, effort, and expertise.

Where do we go from here? eThority will be discussing our suggestions and we will be providing updates as more information is available.

It doesn't stop now! If you missed a session or thought of something new in the meantime, don't keep it to yourself! Let the help desk know about your thoughts, complaints, and ideas as we will send them along for consideration!

As always, we appreciate any form of feedback and would love to have your thoughts about how this style of communication works for you. Do you have topics you'd like addressed? Let us know! You can always contact our help desk at CRAO-MBECT-HELP@med.umich.edu or by calling 734-764-KNOW (5669).

Training Continues!

Training is still available.

Sign up to receive training in person here:
