We Made It!

We are so grateful to all of our users for their patience and cooperation as we transitioned to the new system this week. Thank you to everyone who helped to make this possible with your time, your feedback, and your hard work.

Where do we go from here? We still want to hear from users about your experience as you are getting into the new system. We want to know about things that may not function as expected or if anything does not seem intuitive so we can address your concerns and build appropriate training materials.

Training is still available. Sign up to receive training in person here: <http://tinyurl.com/MBECT-Training> or search for keyword CRAO on the MLearning site here: <http://mlearning.med.umich.edu/>

Friday Workshops Resume 3/22/13: Starting March 22 we will offer Friday workshop sessions at NCRC from 9-11 am and 1-4 pm where study teams can come out and receive coaching through the system from a member of the MBECT team. No registration is required. This is not intended as a replacement for a full training session. If you have study specific questions, please contact us in advance so that we can arrange to have an analyst available to provide you with the best guidance possible. Additional information will be forthcoming.

We are gearing up for the next round!

April 22nd: Training begins for the Milestones and Analysis, Visit Management, Invoicing, and Payments Modules

May 6th: All modules will be live.
