

MBECT User Security Form

Purpose of form: To determine organization and role placement for users in the MBECT application.

If the your organization level is rather complicated, providing us the upper levels of the organization tree, like below will be helpful:

Date

Access Requested for Uniqname

Primary Organization Level
(if you are unsure which level to specify, you may also provide the unickname of a user that has identical access to that needed.)

If you require access to additional organization levels please submit separate user security forms.

Access and Roles: Please indicate the role(s) the user needs within MBECT. Please indicate edit, view or both rights.

Attendance to financial modules training is required before access will be granted to those areas.

User attended financial modules training.
